

Best of Lithuanian home design solutions at INTERIOR LIFESTYLE TOKYO 2017

Lithuanian products have a very special, even intimate, relationship with Japanese customers and consumers. From linen tablecloths and other interior design elements to furniture or lasers – our products enjoy recognition and respect in Japan. Combination of innovative mindset, high quality and natural materials granted Japanese trust towards products manufactured in a far-away country of amber, deep forests and ambitious people.

Below you can find information about 6 Lithuanian companies that will showcase their home design solutions at [Interior Lifestyle Tokyo](#) 2017.

Should you wish to learn more about Lithuania and meet our most prominent home designers, please visit National Lithuanian Stand (WEST HALL 3, H23) at Interior Lifestyle Tokyo on June 14-16th.

It is the fifth time this year when Lithuanian companies are participating in international trade fair INTERIOR LIFESTYLE TOKYO. National Lithuanian stand which unites selected companies is organized by Enterprise Lithuania, which is a public entity fostering export and entrepreneurship in the country.

Kitchen wear by UGI

Kitchen Wear by Ugi presents a big collection of sophisticated aprons. They can be worn as uniforms in restaurants or hotels and at home.

All UGI aprons are made in Lithuania and designed personally by our designer and company founder Morkuniene Lina. We are very proud of her flair to feel what can make people smile.

One of the main goals is to keep UGI Aprons wearer's happy, by making the product not only nice looking, but also good quality that should last as long as possible.

JURATE

In our modern rapid global life dressed in trendy uniforms it is important to have a break: to get back to the roots, to use the heritage and to remember the universal sustainable core values in our life style.

At a small manufactory in the very heart of Vilnius we design and weave on original old wooden looms our ideas from pure linen and leather. This meticulous production, time honored skills of all our weaver and designers retain an air of exclusivity with understated elegance.

JURATE is a brand defined by four “cornerstones” principles:

- fine quality materials
- extraordinary craftsmanship
- contemporary functionality
- unique, timeless design

The hand woven articles are supplemented by the collection of home textiles in the same aesthetic approach and colors of the sunset at the sea – in limited edition, for understated luxury. Pure linen from Lithuania: to wear, to sleep, to bath, to dine.
